# Postal Data - 189,000

Collected exclusively on our network of web sites data is 0-12 months, is highly selectable and is the only database available which links a postal record with an email address. The postal data is fully data protection compliant and consistently performs well due to regulated use.

Data can be targeted using a wide range of selections as above. Other selections we provide are Charity Donors, Mail order Buyers, Telecom's, Utilities, Broadband and Insurance Renewals

Over 125,000 validated postal addresses and approximately 6000 records added every month – please contact us for further details.

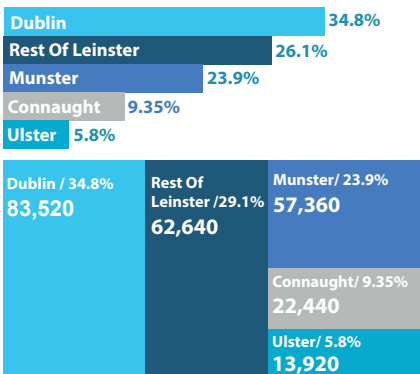

**189,000** Records

DataXcel consumer postal data offers marketing teams one of the richest sources of postal information available in Ireland today.
